Richard Feynman said *"No one understands quantum mechanics"*.

Come to this lecture aimed at lay audiences, so you can join the millions of professionals and proudly say *"Now I too do not understand quantum mechanics"*.

Professor R. Shankar

R.Shankar is the John Randolph Huffman Professor of Physics at Yale University. He is a compulsive teacher who will talk physics to any organism which has a pulse. His Physics 200a is one of the seven courses Yale has made available on the web
