

## **Closing Activity**

Boulder Summer School 2024

Each group (of 10) should identify 4 key takeaways from our BSS. These could include specific results or cross-cutting ideas.

Each takeaway should be “tweetable” (~140 characters or less).

I recommended that each person in the group identifies four on their own, then each sub-group reaches consensus on four, then the two sub-groups reach consensus on the final four during the Friday problem solving session.

Each group will email its 4 key takeaways to [erd43@cornell.edu](mailto:erd43@cornell.edu) by 3PM Friday.
